Community Events

Bring out the do-it-yourselfer in your child by taking part in the free Kids Workshops at Home Depot. Workshops take place the first Saturday of each month from 9 a.m. - noon at all store locations. Your child will receive a free orange apron, and a new pin for their apron, each time they complete a project. Adult participation is required. These events are popular, so be sure to register ahead of time to guarantee your spot. To register, [visit the HomeDepot Workshops page](#), and enter your zip code to bring up all the stores in your area. Then, click on the "register" button next to your preferred store to complete the sign up process.

Have crafty kiddos? Then, the [Kids' Club at Michael's](#) is a must-do. It features a new craft each Saturday. Just drop in anytime between 10 a.m. and noon; pay \$2; and you're free to shop while they create. There's also [Camp Creativity](#) in the summer. It runs Mondays, Wednesdays and Fridays from 10 a.m. til noon, and costs \$2 per hour for ages 3+ and \$5 per hour for ages 6+, which includes all supplies. The camp runs seven weeks, and each week has a different theme. Fridays are all about making slime. Be sure to check the store calendar for free Make Break events that you can participate in as a family. These happen throughout the year, usually on the weekends. Just drop in during the scheduled hours to try your hand at a fun project, and you'll get to take it home with you when you're done.

**PARK DAY
Parent Meet and Greet**

As we begin a new school year, your ideas, thoughts, time, and involvement is much needed to ensure the ongoing success of Great Valley Academy Charter Homeschool! This year, our goal is to increase our parental involvement to ensure you have an integral role to play in your students education. At our back to school picnic, we were welcoming families to sign up for classes they may want to teach or learn more about! At our Parent Meet and Greet Park Day gathering, we want to hear from you. Please join us in meeting new families, sharing ideas, discussing classes you may be interested in teaching, and providing feedback on what your needs may be so we can help. As students play, parents can collaborate in a comfortable, fun, setting. We look forward to seeing you!
